Think About Your Medicare Coverage for Next Year

Each fall, Medicare allows you to change your Medicare health and drug coverage during the Annual Enrollment Period. It's important to review your coverage now to make sure it will meet your needs next year. **Please see Section 3 for more information about deadlines for changing plans.**

Important things to do:

- Check the changes to our benefits and costs to see if they affect you.** It is important to review benefit and cost changes to make sure they will work for you next year. Look in **Section 1** and in the enclosed *Prescription Drug Costs Summary* for information about benefit and cost changes for our plan. Please note these documents provide only a summary of changes.
- Check the changes to our prescription drug coverage to see if they affect you.** Will your drugs be covered? Are they in a different tier? Can you continue to use the same pharmacies? It is important to review the changes to make sure our drug coverage will work for you next year. Do any of your drugs have new restrictions, such as needing approval from us before you fill your prescription? Look in **Section 1** and in the enclosed *Prescription Drug Costs Summary* for information about changes to our drug coverage.
- Think about your overall costs in the plan.** How much will you spend out of pocket for the services and prescription drugs you use regularly? How much will you spend on your premium? How do the total costs compare to other Medicare coverage options?

If you decide to stay with Express Scripts Medicare:

If you want to stay with us next year, it's easy – you don't need to do anything. You will automatically stay enrolled in our plan.

If you decide to change plans:

If you decide other coverage will better meet your needs, look in **Section 2.2** to learn more about your choices. Please see **Section 3** for information about deadlines for changing plans. If you enroll in a new plan, your new coverage will begin on January 1, 2022.

SECTION 1 Changes to Benefits for Next Year

Section 1.1 – Changes to the Monthly Premium

For questions regarding your 2022 monthly premium, please use the contact numbers on the *Quick Reference Guide* included in this package, or call the retiree service number listed on your prescription drug ID card.

- Your monthly plan premium will be *more* if you are required to pay a lifetime Part D late enrollment penalty.
- If you have a higher income, you may have to pay an additional amount each month *directly to the government* for your Medicare prescription drug coverage.
- Your monthly premium will be *less* if you are receiving “Extra Help” with your prescription drug costs. Please see **Section 5** regarding “Extra Help” from Medicare.

Section 1.2 – Changes to the Pharmacy Network

Amounts you pay for your prescription drugs may depend on which pharmacy you use. Medicare drug plans have a network of pharmacies. In most cases, your prescriptions are covered *only* if they are filled at one of our network pharmacies.

There are changes to our network of pharmacies for next year. However, the majority of pharmacies that participate in our network in 2021 will continue to participate in 2022. You can access information about what pharmacies are in our network by logging into **express-scripts.com/pharmacies** or by calling Customer Service. You can also ask us to mail you a *Pharmacy Directory*.

Section 1.3 – Changes to Part D Prescription Drug Coverage

Changes to Our Drug List

Our list of covered drugs is called a formulary or “drug list.” Our drug list is available by logging into **express-scripts.com/documents**. This brings you to a PDF of our printed drug list for 2022, which will be available online beginning October 15, 2021.

We made some changes to our drug list, including changes to the drugs we cover and changes to the restrictions that apply to our coverage for certain drugs. **Review the drug list to determine whether your drugs will be covered next year and to see if there will be any restrictions.** The drug list includes many – *but not all* – of the drugs that we will cover next year. If a drug is not on this list, it might still be covered. Contact Customer Service to determine whether your drug is covered.

If you are affected by a change in drug coverage, you can:

- **Work with your doctor (or other prescriber) and ask the plan to make an exception** to cover the drug. To learn what you must do to ask for an exception, call Customer Service at the numbers on the front cover of this document.
- **Find a different drug** that we cover. You can call Customer Service at the numbers on the front cover of this document to ask for a list of covered drugs that treat the same medical condition.

In some situations, we are required to cover a temporary supply of certain drugs in the first 90 days of coverage of each plan year to avoid a gap in therapy. (To learn more about when you can get a temporary supply and how to ask for one, contact Customer Service.) During the time when you are getting a temporary supply of a drug, you should talk with your doctor to decide what to do when your temporary supply runs out. You can either switch to a different drug covered by the plan or ask the plan to make an exception for you and cover your current drug.

If you currently have a formulary exception on file, you may need to submit a new request for an exception. The approval letter you received contains a start and end date for the approval. Please refer to this letter to determine if a request for a new exception is needed.

Most of the changes in the drug list are new for the beginning of each year. However, during the year, we might make other changes that are allowed by Medicare rules.

When we make these changes to the drug list during the year, you can still work with your doctor (or other prescriber) and ask us to make an exception to cover the drug. We will also continue to update our online drug list as scheduled and provide other required information to reflect drug changes.

Changes to Your Prescription Drug Costs

Look for the enclosed 2022 *Prescription Drug Costs Summary* for information about changes to your drug coverage and costs.

SECTION 2 Deciding Which Plan to Choose

Section 2.1 – If You Want to Stay in Express Scripts Medicare

To stay in this plan, you don't need to do anything. You will automatically stay enrolled as a member of our plan for 2022.

Section 2.2 – If You Want to Change Plans

We hope to keep you as a member for next year, but if you are considering changing prescription drug plans, please contact your group benefits administrator for specific information about your group benefit. There may be additional implications to other benefits, such as loss of medical and/or dental coverage if you choose a plan outside your former employer's or your retiree

group's offering. Your group benefits administrator will also be able to instruct you on how to terminate your current coverage.

Once you have discussed your options regarding coverage with your group benefits administrator, you may find more information about plans available in your area by contacting Medicare. You may visit <https://www.medicare.gov/plan-compare> or call 1.800.MEDICARE (1.800.633.4227). TTY users should call 1.877.486.2048, 24 hours a day, 7 days a week.

As a reminder, Express Scripts Medicare offers other Medicare prescription drug plans. These other plans may differ in coverage, monthly premiums and cost-sharing amounts.

SECTION 3 Deadline for Changing Plans

If you want to change to a different prescription drug plan or to a Medicare health plan for next year, you can generally make changes from **October 15 through December 7**. The Annual Enrollment Period established by your former employer or your retiree group may differ from these dates. Please contact your group benefits administrator for more information. Your change in coverage will take effect on January 1, 2022.

Are there other times of the year to make a change?

In certain situations, changes are also allowed at other times of the year. For example, people with Medicaid or those who get Extra Help paying for their drugs are allowed to make a change at other times of the year.

Note: If you're in a drug management program, you may not be able to change plans.

SECTION 4 Programs That Offer Free Counseling About Medicare

The State Health Insurance Assistance Program (SHIP) is a government program with trained counselors in every state. A SHIP is independent (not connected with any insurance company or health plan). It is a state program that gets money from the federal government to give **free** local health insurance counseling to people with Medicare. SHIP counselors can help you with your Medicare questions or problems. They can help you understand your Medicare plan choices and answer questions about switching plans. You can contact the SHIP in your state by contacting Medicare.

SECTION 5 Programs That Help Pay for Prescription Drugs

You may qualify for help paying for prescription drugs. Below we list different kinds of help:

- **“Extra Help” from Medicare.** People with limited incomes may qualify for Extra Help to pay for their prescription drug costs. If you qualify, Medicare could pay up to seventy-five (75) percent or more of your drug costs, including monthly prescription drug premiums, annual deductibles and coinsurance. Additionally, those who qualify will not have a coverage gap or a late enrollment penalty. Many people are eligible and don't even know it. To see if you qualify, call:

- 1.800.MEDICARE (1.800.633.4227). TTY users should call 1.877.486.2048, 24 hours a day, 7 days a week;
 - The Social Security Office at 1.800.772.1213 between 7 a.m. and 7 p.m., Monday through Friday. TTY users should call 1.800.325.0778 (applications); or
 - Your State Medicaid Office (applications).
- **Help from your state’s pharmaceutical assistance program.** The State Pharmaceutical Assistance Program helps people pay for prescription drugs based on their financial need, age or medical condition. To learn more about the program, check with your State Pharmaceutical Assistance Program.
 - **Prescription cost-sharing assistance for persons with HIV/AIDS.** The AIDS Drug Assistance Program (ADAP) helps ensure that ADAP-eligible individuals living with HIV/AIDS have access to life-saving HIV medications. Individuals must meet certain criteria, including proof of state residence and HIV status, low income as defined by the state, and uninsured/underinsured status. For information on eligibility criteria, covered drugs, or how to enroll in the program, check with your state AIDS Drug Assistance Program.

SECTION 6 Questions?

2022 Prescription Drug Costs Summary

Express Scripts Medicare® (PDP) includes coverage across all stages of your benefit, as summarized on the following pages. If you were a member of Express Scripts Medicare in 2021, please note that next year there will be some changes to the plan's costs and benefits, which are outlined in this document and in your *Annual Notice of Changes for 2022* booklet.

There are four drug payment stages in a standard Medicare Part D plan. Which “Drug Payment Stage” you are in may affect how much you pay for a Part D drug.

The following chart summarizes changes to the plan's drug payment stages and your cost-sharing amounts for covered prescription drugs. The changes shown will take effect for your plan on January 1, 2022, and will stay the same for the entire calendar year. How much you pay for a drug depends on which “tier” the drug is in. The costs in this chart are for prescriptions filled at network pharmacies. Generally, we cover drugs filled at an out-of-network pharmacy only when you are not able to use a network pharmacy. There may be restrictions for prescriptions filled at out-of-network pharmacies, such as a limit on the amount of the drug you can receive.

Note: If you are in a program that helps pay for your drugs (Extra Help), **the information about costs for Part D prescription drugs may not apply to you.** We will send you a separate insert, called “Important Information for Those Who Receive Extra Help Paying for Their Prescription Drugs” (also called the “Extra Help Rider”), which tells you about your drug coverage and costs. If you don't receive this insert, please call Customer Service and ask for the “Extra Help Rider.”

For maintenance medications: You continue to have the choice of filling prescriptions for more than a one-month supply at pharmacies with preferred cost-sharing, including CVS and select retail pharmacies. These pharmacies may offer you lower cost-sharing than the standard cost-sharing offered by other pharmacies within our network.

For help or more information, please contact Express Scripts Medicare Customer Service at **1.888.345.2560** (TTY users should call **1.800.716.3231**), 24 hours a day, 7 days a week. We have free language interpreter services available for non-English speakers. This information is also available in braille. Please call Customer Service at the numbers above if you need plan information in another format.
